

CRELUX part of WuXi AppTec's Research Service Division, is a global provider of structure based drug discovery solutions.

We have been delivering customized and integrated services in drug discovery, X-ray crystallography, protein supply, biophysical analysis and fragment screening, to support small and large molecule, as well as biopharmaceutical drug discovery, for more than a decade. Our mission is to enable our clients to perform their work faster, more efficiently and more successfully. Integrating the comprehensive portfolio of services offered by our parent company WuXi AppTec, CRELUX offers a unique opportunity for our collaborators to accelerate discovery activities.

Position

To strengthen our Drug Discovery Solutions team in Munich area, in the field of protein production, we are looking for: biology laboratory assistants (m/f/d), technical assistants (m/f/d; MTA, BTA, cm, PTA, ATA, LTA), Bachelor (m/f/d), Master (m/f/d), full-time, to start immediately.

Your tasks:

If you enjoy working hands-on in a team on scientific projects, then this is the right position for you. Your tasks will include:

- Expression of recombinant proteins produced in bacterial, insect und mammalian cells, using given protocols.
- Application of various purification techniques (cell lysis, centrifugation, DNA purification).
- Application of various advanced protein chemistry techniques.
- Protein analysis in quality control (SDS-Page, Western blot, fluorescence spectroscopy).
- Documentation.

Your profile:

We are looking for motivated employees with a scientific education (biology/chemistry laboratory technicians (m/f/d), technical assistants (m/f/d; MTA, BTA, cm, PTA, ATA, LTA); Bachelor (m/f/d), Master (m/f/d) chemistry/biology/biotechnology) or comparable practical qualification.

- Good theoretical understanding or hands-on experience in the field of protein expression.
- Experience in molecular biology, biochemistry, biotechnology or a comparable position.
- Good knowledge of the gene-to-protein processes.
- Routine handling of common IT applications (MS Office, databases, internet applications, etc.)
- Fluent spoken and written English and German.
- Self-motivation and ability to identify and solve problems independently.
- Careful, independent and autonomous, structured, reliable and responsible way of working.
- Enjoy working in an international working environment.

We offer:

A permanent contract and an exciting job in an international, innovative contract research environment.

Are you interested?

Please send your application containing a cover letter (stating your desired salary and earliest possible starting date) and a current CV to our human resources department Ms Evelyn Frey-Royston:
