a WuXi AppTec company

As European representative of WuXi Biology, Crelux provides customized, early-stage drug discovery solutions. Our integrated services in protein production, structural biology, biophysics & screening, biochemical and cellular assays are all tailored to enable comprehensive drug discovery support.

At Crelux, we empower our clients to accelerate their research - helping them work faster, more efficiently, and focused on success. By integrating the comprehensive service portfolio of our parent company WuXi AppTec, we provide unique opportunities to streamline and advance discovery, from concept to candidate.

Research Scientist – Biophysics & Biochemistry

We are seeking a Research Scientist to join the Biophysics & Biochemistry team based in Munich, Germany. In close collaboration with the various departments at Crelux you will work on biophysical/biochemical projects covering a wide variety of target classes and modalities.

Responsibilities

- Work independently and as part of the Biophysics & Biochemistry team
- Perform protein QC, biophysical and biochemical assays as nanoDSF, DLS, MST, Spectral Shift, SPR, fluorescence based biochemical assays as HTRF
- Establish, prepare and revise standard operating procedures
- Provide documentation of raw data, support data evaluation and reporting of results and troubleshooting
- Careful documentation of experimental work according to internal guidelines and specifications
- Contribute to development of new methods and assays and optimize existing processes
- Address and solve problems within area of responsibility

Required Skills

- Master's Degree in Life Sciences (Biology, Biochemistry, Biotechnology or similar) with 2 + years of industry experience. PhD not required.
- Practical laboratory experience in an industrial or academic setting
- Ideally experience in biophysical & biochemical assays as SPR, MST, DLS, DSF, FP, ITC
- Fluent spoken and written English and (ideally) German; fluency in Chinese is an advantage
- Good command of MS Office
- Interest in new methodologies and techniques

We offer:

A contract (starting as soon as possible) with a competitive salary and the opportunity to work in a dynamic and innovative contract research environment. Access to eGYM Wellpass membership for personalized fitness and wellness plans.
