

CRELUX, part of WuXi AppTec Discovery Biology unit, is a global provider of structure based drug discovery solutions.

We have been delivering customized and integrated services in drug discovery, X-ray crystallography, protein supply, biophysical analysis and fragment screening, to support small and large molecule, as well as biopharmaceutical drug discovery, for more than a decade. Our mission is to enable our clients to perform their work faster, more efficiently and more successfully. Integrating the comprehensive portfolio of services offered by our parent company WuXi AppTec, CRELUX offers a unique opportunity for our collaborators to accelerate discovery activities.

### **Role**

A new opportunity has arisen for an experienced Senior Scientist (experienced PhD in Biophysics) (m/f/d) to join our growing Biophysics & Screening team based in Munich, Germany. In close collaboration with the various departments at Crelux you will work on biophysics and screening projects covering a wide variety of target classes. Your main responsibilities will include the planning of biophysics and screening projects, supervision of projects, and the communication of results to our clients.

### **Responsibilities**

- Research of scientific literature relevant to the project
- Careful project design, documentation and evaluation of scientific biophysical projects
- Data analysis and reporting to relevant internal and external stakeholders
- Professional communication and discussion of results with clients

### **Required Skills**

- PhD in Biology, Biochemistry, Biophysics or a related field
- Extensive experience with biophysical methods, in particular SPR/MST/Spectral Shift/FP/ITC/nanoDSF/DLS
- 2+ years of relevant work experience in the field of drug discovery
- Structured, self-reliant and independent working style
- Creativity and high problem-solving skills
- Enjoy working in a team
- Good communication skills
- Fluent English language skills

### **Desired Skills**

- Team leading experience
- Knowledge of scripting languages (Python) is a plus
- Experience with membrane proteins is advantageous
- Experience with Fragment and High-throughput Screening is a plus

### **We offer**

A permanent contract of employment as well as an exciting and wide-ranging job in an international, innovative environment of pharmaceutical contract research.

### **Are you interested?**

We look forward to receiving your detailed application by email, with a cover letter and a current CV, stating your desired salary and the earliest possible starting date, to our human resources department.
