a WuXi AppTec company

As European representative of WuXi Biology, Crelux provides customized, early-stage drug discovery solutions. Our integrated services in protein production, structural biology, biophysics & screening, biochemical and cellular assays are all tailored to enable comprehensive drug discovery support.

At Crelux, we empower our clients to accelerate their research - helping them work faster, more efficiently, and focused on success. By integrating the comprehensive service portfolio of our parent company WuXi AppTec, we provide unique opportunities to streamline and advance discovery, from concept to candidate.

Senior Scientist – Biophysics

We are seeking a Senior Scientist to join the Biophysics team based in Munich, Germany. Working closely with teams across Crelux, you will contribute to biophysical drug discovery projects spanning a wide variety of target classes and modalities.

Responsibilities

- Develop, optimize, and validate biophysical assays such as SPR, FP, MST, and Spectral Shift
- Support compound screening and profiling across multiple target classes
- Design, plan, and document experimental work with scientific rigor and attention to detail
- Supervise and mentor laboratory scientists in performing biophysical assays
- Communicate and discuss results with clients clearly and professionally

Required Qualifications

- PhD in Biology, Biochemistry, Biophysics, or a related field, with 2+ years of post-PhD experience (industry experience preferred)
- Proven track record in biophysical assay development and optimization, ideally in a drug discovery or CRO environment
- Hands-on experience with MST/Spectral Shift and SPR
- Excellent organizational, documentation, and communication skills
- Ability to work independently and manage multiple projects simultaneously
- Fluent English, written and spoken

Desired Skills

- Experience with high-throughput screening or fragment-based drug discovery
- Experience with liquid handlers and lab automation
- Knowledge of a scripting language such as Python for data analysis

We offer:

A contract starting as soon as possible, with a competitive salary and the opportunity to work in a dynamic and innovative contract research environment, as well as access to an EGYM Wellpass membership for personalized fitness and wellness offerings.

Are you interested?

Please send your application, including a cover letter (stating your desired salary and earliest possible starting date) and a current CV to our human resources department: **crelux.careers@wuxiapptec.com**
