

As European representative of WuXi Biology, CRELUX is a global provider of structure-based drug discovery solutions. For over two decades, we have delivered customized and integrated services in X-ray crystallography, protein supply, biophysical analysis, fragment screening, and broader drug discovery support.

Our mission is to empower clients to accelerate their research—working faster, more efficiently, and focused on success.

By integrating the comprehensive portfolio of services offered by our parent company, WuXi AppTec, CRELUX provides a unique opportunity for our partners to streamline and advance their discovery activities from concept to candidate.

Role: Senior Scientist SPR

A new opportunity has opened up for an experienced SPR Senior Scientist with a PhD in Biophysics (m/f/d) to join our growing Biophysics & Screening Team based in Munich, Germany.

In close collaboration with the various departments at Crelux you will work on biophysics & screening projects covering a wide variety of target classes. Your main responsibilities will include planning of biophysics & screening projects, supervision of projects, and communication of results to our clients.

Responsibilities

- You will present results internally and externally (in meetings with clients)
- Research of scientific literature relevant to the project
- Careful documentation and evaluation of scientific protocols and results
- Close communication with various scientific and administrative departments
- Professional communication and discussion of results with our clients
- The ability to plan work in order to meet timelines
- Maintain an up-to-date knowledge of scientific advances in biophysics

Required Skills

- Extensive experience with biophysical methods, especially in SPR
- 2+ years of relevant work experience in the field of drug discovery
- Structured, self-reliant and independent working style
- Creativity and high problem-solving skills
- Enjoy working in a team
- Good communication skills
- Fluent English language skills

We offer:

A permanent contract and competitive salary with the opportunity to work in a dynamic and innovative contract research environment. Access to eGYM Wellpass membership for personalized fitness and wellness plans.

Are you interested?

We look forward to receiving your detailed application by email, with a cover letter and a current CV, stating your desired salary and the earliest possible starting date, to our human resources department.
