

a WuXi AppTec company

As European representative of WuXi Biology, Crelux provides customized, early-stage drug discovery solutions. Our integrated services in protein production, structural biology, biophysics & screening, biochemical and cellular assays are all tailored to enable comprehensive drug discovery support.

At Crelux, we empower our clients to accelerate their research - helping them work faster, more efficiently, and focused on success. By integrating the comprehensive service portfolio of our parent company WuXi AppTec, we provide unique opportunities to streamline and advance discovery, from concept to candidate.

Senior Scientist – DEL, Department of Biophysics and Screening

A new opportunity has arisen for an experienced Senior Scientist (m/f/d) to join our growing DNA Encoded Library (DEL) team in Munich. In this role, you will collaborate closely with multiple departments at Crelux and contribute to the successful execution of DEL screening campaigns. Your responsibilities will include project planning, scientific supervision, data evaluation, and professional communication with clients.

Responsibilities

- ✂ Conduct scientific literature research relevant to ongoing and upcoming projects
- ✂ Design DEL screening projects, including experimental planning, documentation, and evaluation
- ✂ Analyze DEL data and prepare high-quality reports for internal and external stakeholders
- ✂ Communicate and discuss scientific results with clients in a professional and solution-oriented manner

Required Skills

- ✂ PhD in Biology, Biochemistry, Biophysics or a related field
- ✂ Extensive experience with DEL or other screening methods such as HTS, Fragment Screening and/or mRNA Display
- ✂ 2+ years of relevant work experience in the field of drug discovery, preferably in a CRO/CRDMO environment
- ✂ Structured, self-reliant and independent working style
- ✂ Creativity and high problem-solving skills
- ✂ Enjoy working in a team
- ✂ Good communication skills
- ✂ Fluent English language skills

We offer:

- ✂ A role in an innovative and scientifically dynamic environment
- ✂ A permanent contract of employment
- ✂ Global interaction with clients from biotech, pharmaceutical industries and academia
- ✂ Structured onboarding and continuous training opportunities
- ✂ Modern laboratory infrastructure
- ✂ Competitive compensation
- ✂ Access to eGYM Wellpass membership for personalized fitness and wellness plans.
